MPD Implements a Traffic Safety Unit to Combat Reckless Driving

To reduce the amount of reckless driving, speeding and vehicular crashes from occurring in the City of Milwaukee, the Milwaukee Police Department has created a new unit called the Traffic Safety Unit (TSU).

TSU is committed to a community partnership with the goal of creating a safer Milwaukee through the “Three E’s” by enforcing traffic laws (Enforcement), educating and partnering with the community in solving traffic problems (Education), and recommending traffic-engineering changes (Engineering).

“The goal of the Traffic Safety Unit is to make the roads in the City of Milwaukee safer to travel on by targeting motorists that are engaged in reckless driving. I am asking for collaboration from the members of our community to be part of the solution by reporting reckless driving directly to the Traffic Safety Unit website. The Milwaukee Police Department is committed to working with our community and system partners to continue to build sustainable neighborhoods free of crime that are built on positive relationships,” said Acting Chief Jeffrey Norman.

Please visit the TSU website (MPDTSU.org) for more information and to report reckless driving.
